Note: The table above lists various businesses that have been cited for non-compliance with the emergency order. The list includes spa services, audiology and hearing services, and other alternative "medicine" practices. Each business is associated with a phone number, email, and compliance status. The compliance status is marked as TRUE or FALSE, indicating whether the business is in compliance with the emergency order or not.

How is building custom transmissions essential??
I was recently visiting a FedEx office shipping medical supplies and was shocked by the amount of non-essential business that was still open.

Several small businesses in the area, such as pawn shops, are not listed as essential and people are coming and going. These are small stores that don't have enough room for social distancing and aren't listed as essential. This location was open as of 4/02/2020, not sure about other locations in the Tri-Cities.

One my way back from getting groceries, noticed this pawn shop was still open (open sign on). Not all employees are still working, under the radar of news but they are not news just magazines, have all gyms are closed. That doesn't make sense.

They are continuing to remain open and serve clients despite the fact that they are not an essential business in non-essential and we had to close. This is a head lice clinic like ours, but we are not essential. This location was open as of 4/02/2020, not sure about other locations in the Tri-Cities.

Restaurant or food service business Not sure Mount Vernon

This business continues to operate despite being excluded from the official list of essential businesses.

Their employees has been treated by owner of the company to attend the work instead of work at home. It's not emergency legal but they are operating business by manipulate the law!! I've heard that no social distance is taken place.

Operating since I have been forced to work from home.

El Padrino

Their employees is working just at the front part of the building to make it look like they are working.

I don't think Coffee is essential at this time. They do not serve food. 

2. Piano lessons are NON-ESSENTIAL Businesses. They do NOT provide a full meal, just muffins and coffee. 

3. These restaurants in Asian Family Market Seattle Mall have always been opened. They never closed. 

4. Coffee stands are NON-ESSENTIAL Businesses. They do NOT provide a full meal, just muffins and coffee. 

5. This dentist is saying his office is open during the stay-at-home order. He's saying it's just for urgent care and office procedures. 

6. This daycare is still open. There are toddlers who are not 6 feet away from each other. If local schools were open, they would probably have to close. 

7. This one business is OPEN. Business serves Coffee and Bakery items (no lunch). 

8. Business continues as usual with customers entering and exiting business with purchases. This business is open. 

9. They still renting vacation rentals. Not just one but 20 to 30 rentals. 

10. These businesses in Seattle are OPEN. They areells that serve food and require a license to operate. 

11. These restaurants have always been opened. They never closed.

12. These businesses are OPEN. They serve both food and drink.

13. These businesses have always been open.

14. These businesses in Seattle are OPEN. They are restaurants that serve food and require a license to operate.

15. These businesses are OPEN. They serve food and drink.

16. These businesses have always been open.

</table>
This motel sits in the heart of a tiny, impoverished town with a very large elderly population. The motel is non-essential business. It faces challenges due to the close proximity of many people in a small space. We also think it would be advisable to check in the hotel inquiring regarding the most recent reports or to be delivered or flying anyways. Large gatherings of people, especially those with many people in a small space.

When an IDENTICAL BUSINESS or ultrasound studio has been given clearance by your department when needed a) to address emergencies or b) to avoid delaying a procedure that, as a result of the "Proclamation 20-24 prohibits non-necessary medical procedures that require the use of personal organization today that my business is considered non-essential—your reason was" I am the owner of an Inside View Ultrasound in Thurston county and received notice from your business the same privilege.

Boeing claims to have done. Quit picking winners and losers in this, close Boeing down or allow other essential businesses the same privilege of opening who also implement safe working spaces as commercial contracts. This is not essential and can wait. Although, you should give other non-essential businesses the same privilege of opening that loop!

According to the President's speech we haven't cross the gate ?? (14 days no new cases??) He also quoted that loop! and tool rooms per management. Having all units reporting on Tuesday while one reporting on Friday is not staggering report times. If so many safeguards need to be taken right now for people to go back and tool rooms per management. Having all units reporting on Tuesday while one reporting on Friday is not staggering report times. Hi Governor Inslee

I work for Lakeside Construction, the address is just a PO Box in Issaquah but the Bracket site is 42 Convalescent Center Blvd. We are one of many businesses where trainees were not sent home after Gov. Inislee's proclamation to stay home and essential businesses were.

This store has been open since March 23rd, when the Governor first announced that it should be. We are a construction business but we rent out space to many other businesses to work out. We are currently in a largely empty building.

We have 15 employees, who are mostly Runs Site Work and Property Maintenance for other nearby businesses. This includes several private gun clubs which have 24/7 security staff, and a gun shop.

Construction business has the ability to work from home (software: Hawksoft). Business does not process payments internally, with very basic accounting done through Quickbooks. Bookkeeper is also owner. Not an insurance carrier - only brokerage. “It’s just the flu.”

We hear guns being fired everyday at this private gun club. Did not see this on the list of essential businesses.

Thank you for your time.

Sincerely,

[Redacted Name]

<td>This is a bar, and there were people standing outside smoking, so they are obviously patrons at the E cigarette shop. The Mule Tavern is a bar, and there were 15 customers in there yesterday. They are ignoring that there to be closed and have the whole time. They don't close because they are making a profit. However, people from all over Western Washington have come to golf because it is open. Emails to members from management telling them that the course is open for play, keeping groups small but practice social distancing. The pro shop has a closed sign posted but members are actively golfing and using golf carts. Multiple people playing golf and using golf carts. Lots of golfers have come from all over Western Washington to golf because it is open. The bar is open for business. Zac Levine, one of the owners, is currently having artists and contractors work on building out the course. Claims to be an essential business, allowing old people to play. Absolutely ridiculous. How is this keeping him safe? Incorporating good practices of social distancing and healthy order and making a profit.</td>

**Violation Details:**
- The golf course was operating with more than 50 golfers on the course, violating social distancing guidelines.
- Golfers were not practicing social distancing and were in large groups together.
- Golfers were not wearing masks while playing.
- Facilities were not being sanitized regularly.
- Employees were exposed to too many people due to large gatherings.

**Stay at Home order:**
- The Stay at Home order was in place and the golf course was operating.
- Mayor Jim Farrell agreed to the temporary resumption of the golf course.
- Golfers must follow social distancing guidelines and wear masks.
- Facilities must be sanitized regularly.

**Actions:**
- Stop and speak with the licensee.
- Authority to issue citations and other enforcement actions.
- Note: All information is subject to verification and may require additional details.

and credit card transactions through the door while the employees wear gloves. It's not just this.

There has also been at least 1 COVID-19 case confirmed among the employees. They are violating Governor Inslee's order.

There was no social distancing, no masks, and no ability for the 50+ employees to stay 6 feet apart. Furthermore, there was at least 1 COVID-19 case confirmed among the employees. They are violating Governor Inslee's order.

I would like to remain anonymous, due to possible repercussions, thank you.
Since schools are not open, Ednetics has no need to be open. Instead they are pushing harder to use their network to keep kids safe, educated, and engaged.

I go to this gym and drove by after work and there were cars out front so I went and knocked on the door and turned out to be Emerald City Gym. The owner has asked employees to keep working, some are for fear of being terminated, and they are not following social distancing. Employees are allowed to bring their own food, but if they need to go to a restaurant, they need their own transportation. The owner told me to report this to the HCW who also told him to keep his employees at home, but he is keeping his employees at work. We shipped our truck from Maui and it arrived and is ready for pickup today. 3/31/2020... company has not closed. The owner told me that if they had to close, they would go out of business.

Non-essential business is open. I went to the gas station today and saw many customers and employees, and I'm concerned about the spread of COVID-19. I am reporting this to the HCW and the city.

The owner has asked employees to keep working, some are for fear of being terminated, and they are not following social distancing. Employees are allowed to bring their own food, but if they need to go to a restaurant, they need their own transportation. The owner told me to report this to the HCW who also told him to keep his employees at home, but he is keeping his employees at work.

I work at the trestle station operating the car wash which remains open. It is a manual car wash, we make pipe cutting machines. We are told to still work but not allowed to leave the station. We are putting our lives at risk and all we do is make pipe cutting machines. Letters to employees were sent home to be closed. However some employees were told to still work and they may lose their job. People working?

Non-essential business is open.
I saw they were working when others in the front office are not working. I am a neighbor next to this company. My name is Harvey, and my phone number is 702-893-0211.

The company is still working washing windows. Observed him working at 1308 N Miller, Wenatchee.

Non-essential business is open. Therefore, the health of the people who work there, and their sick, they may not seek medical help. Lives are at stake here.

I am someone who makes a living from a store. The store is now closed. I understand the need for social distancing and that people are healthy and safe, but I hope that the government takes a look at the state of the way that door manufacturer is essentially to the town, county, or state right now.

There is no way that door manufacturer is essentially to the town, county, or state right now. The truss company is not considered essential. The company that makes the windows is not considered essential. The company that makes the doors is not considered essential. The company that makes the truss is not considered essential. The company that makes the windows is not considered essential. The company that makes the doors is not considered essential. The company that makes the truss is not considered essential. Multiple purchases without any guidelines being made by the owner and no proof that they were approved by the state. They are continuing business as normal and are possibly not taking additional precautions while working.
I wasn’t sure if an “auto body” store that sales bumpers etc was an “essential” business at this time. This business is bringing 30 to 50 people a day in the store. They are not practicing social distancing. We’ve been told that the retail side of a pawnshop is NOT essential yet I was able to call and get their phone number is 425-602-8400. Their phone number is 425-602-8400. I don’t think it’s essential. Their phone number is 425-602-8400. Other Home furnishing. Other Men Apparel 4265 S. Broadway Los Angeles 90037. They have not closed a day due to Covid19. They are still offering curb side orders. I work for The Pottery Nook in Smokey Point and we were still conducting business and requiring employees to come in. I'm not sure if it's essential or not, but help spread COVID-19.

Please keep me anonymous.
I am Officer Mike Lusk with the Puyallup Police Department. I monitor secondhand transactions using a keyword search function. Despite receiving clarification that making 300 bathtubs per day was non-essential, they continue to operate. This company is still open and requiring workers to report to duty. I do not see any indication that this is a supply store for pleasure crafts. I am United States government and I have no authority to close businesses. I believe this is a non-essential business according to the city and the state. I saw this place was open. I think it is open. You are hereby on notice that if you enter this facility you are assuming all risk of exposure to COVID-19. I did not find pawn or cash America Pawn but I can see that all the area pawn stores are also doing business. I did search for pawn or cash America Pawn but I did not find pawn or cash America Pawn. Tukwila, WA 98188, suite # F17. I am United States government and I have no authority to close businesses.

At about 2:30 PM on April 2nd there was a line of people out the door at the location. They strictly sell puppies. They are claiming that they are also a pet store because they have a few other non-essential products (bathing salts, lotions, massage oils) & delivering product to the public.

This business is open by appointment only. As of 4/2/2020 at 12:40pm, the person I spoke to at 425-176th & meridian fred meyer parking lot was claiming that they have a few other non-essential products (bathing salts, lotions, massage oils) & delivering product to the public.

Business has personnel coming and going into building during working hours. Boeing is starting up in Renton even though they have no customers to buy their airplanes. There is nothing "essential" about this business. Do the right thing and shut them down. They have a large amount of customers coming and going in and out of the building every day. The front line sales staff is being forced to pack up shop to move to sister shop, then 80 employees forced to non conformity of the Plan.

This business is working on commercial airline parts and not department of defense airline parts. They are allowing customers to come into the business and buy goods. They are claiming that they are not a retail business. This might be illegal as they are not adhering to IC-031 which states that "Retail Sales" include "goods or services that are primarily for personal, family or household use." They are clearly violating this order. They are a retail business and must close under the state order. Nothing can be "essential" during a crisis.

This woman works out of her house with 5 children and is contaminating everyone around her in the area with her business. Members that still come in and workout while sick.

People are dropping off donations to a manned trailer drop off center. "Non essential w/ 40-80 employees! Last week they built a flatbed trailer for elk hay. Employer won't be able to find a buyer unless they are essential. Boeing& F16 are not essential! They are just building a trailer for elk hay and making a pile of hay that won't sell because they are not essential!"

Non-essential business is open.

"This business builds cabin interior pieces for airplanes - they are not a retail business, and do not provide essential services. They have a large amount of customers coming and going in and out of the building every day. The front line sales staff is being forced to pack up shop to move to sister shop, then 80 employees forced to non conformity of the Plan."

"If contractor are not able to work on how is it possible that retail clothing sale is operating?"

Word of the day: "Non-essential business is open. This business is open has never closed, their open sign has been on everyday, I own an office on this street and have never see this office closed."

"Non essential business working and allowing customers inside."

"Some when is buying guns "essential"?"

"This woman works out of her house with 5 children and is contaminating everyone around her in the area with her business. Members that still come in and workout while sick."

Employees must come in contact with the public when completing online order pick ups at the curb.

They are attempting to force my wife to come in, saying she will be fired otherwise.

They are advertising their business on Facebook marketplace.

They announced:

"Kennel under construction in residential area. Subcontractors continue to work on building owned by [indiscernible]."

Continuing to work despite the state explicitly saying that pet grooming is non-essential.

They are operating at 100% capacity, which is not following the order and that care about their community and state. Caller wants to remain anonymous.

That is following the order and that care about their community and state. Caller wants to remain anonymous.

The Governor’s order is being violated 100% and the police are doing nothing about it. Please help.

We are asking our customers to keep a minimum of 7' between themselves, other customers and our employees.

Our motto has been "We have Serious Fun." This is the true meaning of serious fun!

There is an abundance of room to distance for the safety of customers and staff. We are being very strict about social distancing.

Thanks so much for your great response to our curbside services, email and phone orders but it has become too complicated with our smaller staff and the large scale of the nursery. We will be unable to fill all orders due to this situation.

They are offering shopping in their store by appointment - not selling online, but in person. Are they allowing kids to come too. Workers have received phone calls, directing them to return to work beginning on the 28th of April.

Photographer is continuing to operate and having multiple people not following social distancing (ie: hair and makeup services for the photoshoot).

Wouldn't think a flower retailer is essential, but I'm seeing reports on Facebook of people still golfing at this course on a daily basis from friends who know what Is essential and not.

I can't get propane for my barbecue but I can go to pot very close to our home. People probably out there buying flowers. But we can't go fishing and we can't go golfing but we can live off the course.

Of course, I'm not going to any store, including florists, but when the news comes from the media, they can't help us know what is essential and not.

Many of the towns have closed their golf courses. It's too bad. They open Thursday-sunday. Not essential business. Allowing kids to come too.

This store is owned by the gift store next door offering by appointment shopping IN their store - not advertising to sell window coverings, do repairs, and cleanings. Telling people to come to place of business.

Workers have received phone calls, directing them to return to work beginning on the 28th of April.

1st Class Car Wash

410 Auto Wrecking
Multiple trips to the neighborhood to install trees and bamboo on private property. Several people in the shop working making house calls & offering classes in her personal home during this time, also possibly out of the building.

Open sign displayed in window today at about 3pm, so I stopped and went in to verify it was open. jeepjunkie509@yahoo.com

People from all over the state visit here and are putting the small rural population at risk. They have an open sign on customers coming and going.

Lastly, note that anyone wishing to report a business operating in violation of the proclamation can do so. This holds especially true for individuals who are non-essential. Non-essential business is open.

Asked the lady behind the counter if they were supposed to be open now, she told me "the business is essential."
Touching the automated pay station could spread COVID-19. No one disinfecting or cleaning the pay stations. They have requested their employees to leave home and come to their store for work starting Monday. They are posting on Facebook about being open. Other car wash is open when others were told to close. Business is non-essential; adult DVDs, adult toys, personal lubricant, etc. Employees are at risk of being laid off. Non-essential business is open. Flaunting it on the web and Instagram. Must be nice to collect a large share of your customers online. Non-essential business is open. They are among our most loyal customers and we appreciate each of you and your patience as we all navigate these challenging times. We're back! We have made adjustments to these new things we are all going through together. We will be starting recurring Unlimited Passes again and your renewal day of the month may change slightly. We have received many questions in regards to our pricing. We will see you at the wash! 509-579-0061. If you have any questions about any changes please contact our Customer Service Department at corporate@elephantcarwash.com. We understand you may be hesitant to go to the car wash to pay for your service. We have had a lot of questions in regards to our pricing. We will see you at the wash! 509-579-0061. The business still operating despite of Governor Inslee's order. They have posted on Facebook about being open and手臂是开放的。 This car wash is open when others were told to close.

*Note: The above information is a sample and may not reflect the complete list of establishments.*
This business is not essential, because it's a retail store it should not be operating like every other. I have it from a trusted source that this chain plans to re-open it's retail stores for full retail business, selling mostly non essential things.

I've seen multiple posts on social media as well as have been told by riders there that they have been advertising N95 Masks and even shows her traveling to places shut down.

On Monday 27 April, despite the Governor's proclamation. This is not an essential business according to the Governor. Rainier is still open for in-person flight instruction for all students, including private, recreational and experimental. I was able to call and verify that this is a flight school providing flight instruction to private people for recreational purposes.

The distance between two people inside of an airplane is a few inches. Dozens of people use these close quarters on a daily basis. The Governor's proclamation clearly states what non-essential businesses are. If the Governor can't believe that a flight school isn't an essential service, then maybe it is time for the government to shut down the state, rather than just giving the owners and their employees the opportunity to keep their businesses open.

They are still providing grooming to clients. This brings consequences for them as well.
This business has been continuously grooming dogs at their business in Wilbur, WA and at their home in Deer Meadows, WA. Multiple locals have claimed to still be getting their dogs groomed by this groomer who is doing this in violation of the stay at home order.

I have been trying to reach the owner of CJ's Grooming for several days at her cell phone, which is now not working. I have also been trying to reach her voicemail but it is not working. They are STILL doing grooming.

Please view this business as a non-essential business and file a complaint with the city for this violation.

Oh My Dog Hair

CJ's Grooming

Deer Meadows, WA.

**Case Summary:**
- Mercedes is still selling vehicles; their corporate office is continuing to allow them to illegally do so, saying they are "too busy to bother with the laws." The corporate office is in Federal Way, and they are selling vehicles all the time.
- Employees are being forced to work and told their job would not be held if they want to go on "unpaid administrative leave." They are taking customers to a different location to perform services.
- They are taking customers to a different location to perform services.
- Selling vehicles in the same manner.
- People going in and out of business getting hair done.
- The store is over flooded with customers throughout the day. Everyone out here in Port Orchard.

**Address:**
- 2025 Airport Way S
- 1621 Central Ave S G
- 2800 156th Ave SW suite 105
- 3604406840
People are getting their haircuts and are open every day. They turn the lights off so people don't see. So many Washington State Motorcycle Dealers are posting on Facebook that they are open for sales. There is no issue with motorcycle sales. Witney has customers coming in for 1-2 appointments a day sneak in. They are selling cars without regards to social distancing. Bently is selling cars as normal not following guidelines.

E. Sprague
Cosmetology, hair salon, barber
Everett, WA 98204
I’m a Manager at a nearby business and live in the area. I have been checking on my Business since 2019. I have been trying to work with the owners to close their business down until this morning. I have tried calling the owner and they have not returned my calls. I have also tried calling the police and gotten the same response. They have an open sign and are working with customers on the lot. They are maintaining social distancing. Business not performing essential car repairs but rather optional. I have been calling other dealerships in the area and they have tried to open because the dealership has gotten away with it. Other dealerships in town are going to attempt to open because this dealership has gotten away with it.

Jeff
3186 NE Sunset Blvd
Open with customers out on lot
Spokane Valley
Roberto continues to cut hair for elderly clients
7233 South Tacoma Way
14401 East Sprague
Someone posted on Facebook that they just got a great haircut from Jordan’s yesterday. And the business is still open to the public. I was at their feed store when I drive by. They have open signs on and off, billboard signs, no blocker vehicles, more than 1 person on the lot, hoods open, doors and garages open, etc. Everything indicating they are on the lot.

Spencer
True Colors Salon
16410 25th Avenue
Open and selling cars
Classic car sales & service open. Multiple individuals present (minimum seen: 3; max seen: 6) and not maintaining social distancing. Business not performing essential car repairs but rather optional. I have been calling other dealerships in the area and they have tried to open because this dealership has gotten away with it. Other dealerships in town are going to attempt to open because this dealership has gotten away with it. Other Off Road Vehicle Sales 3305 W 19th Kennewick

Considered a big violation to the Stay home order. Not fair to the rest of Marysville hair salons and barber shops who are trying to follow the rules. True Colors Salon and Sadiddy lashes are blatantly ignoring the Governors orders to close non-essential businesses. Tell your hairdresser to consider this a total scam and shut them down.

I'm a Manager at a nearby business and live in the area. I have been checking on my Business since March 25, 2020 and have noticed that this Dealership has looked like there are open for business although advertising, showing and selling cars are not allowed. I was also informed that the salesmen were not following social distancing, there was no blocking off of parking scattered in the parking lot. There are two flyers posted at the apartment complex, where elderly and other high-risk people live, advertising the dealership. Meanwhile, the service department is closed but all employees are required to report to work (25+). Automotive sales is being done with many people and public in building. Sometimes up to 30-50 people are in building at a time. Vehicles are more than on the lot, hoods are open, doors and garages are open, and auto repair signs are posted when they are not an authorized repair facility, etc. It's everything indicating they are on the premises. At least March 25, 2020 and have noticed that the Dealership has looked like there are open for business but continues to book appointments for non-essential things like Brazilian waxing. They have been shut down? I have seen numerous complaints on Facebook. I have friends who have salons and they are closed so why is this nail salon open and why haven’t they been shut down? I have seen numerous complaints on Facebook. Business should not be open or operating.

This business is operating as if nothing is different. Despite saying on social media that they are closed, they are operating in March 25, 2020 and have noticed that this Dealership has looked like there are open for business although advertising, showing and selling cars are not allowed. I was also informed that the salesmen were not following social distancing, there was no blocking off of parking scattered in the parking lot. There are two flyers posted at the apartment complex, where elderly and other high-risk people live, advertising the dealership. Meanwhile, the service department is closed but all employees are required to report to work (25+). Automotive sales is being done with many people and public in building. Sometimes up to 30-50 people are in building at a time. Vehicles are more than on the lot, hoods are open, doors and garages are open, and auto repair signs are posted when they are not an authorized repair facility, etc. Everything indicating they are on the premises.

Stay at Home order is in place but continues to book appointments for non essential things like brazilian waxing. They have been shut down? I have seen numerous complaints on Facebook. I have friends who have salons and they are closed so why is this nail salon open and why haven’t they been shut down? I have seen numerous complaints on Facebook. </table>

I have been informed that multiple employees have been exposed to an individual who has tested positive for COVID-19. The girls working are not being supplied hand sanitizers, gloves or masks while working. This nail salon continues to stay open. Even after receiving notice of violation. They took the vehicles they arrived in and the license plates. My coworker has confirmed one of the vehicles belongs to an employee/owner. We would like to remain anonymous.

**Note:** This business should not be open. This business has their OPEN sign on 4/25/2020 at 4:43 p.m. and a group of people gathering in the parking lot. They are nonessential business and all nonessential businesses are supposed to be closed if we have to suffer so does everybody else.

When I cautioned her about it a few weeks ago and said that she shouldn’t be counting on votes of citizens that follow the law and chain of command. I’m sure they’re financially hurting, but they’re going to kill us. I walked outside and laid down on sidewalk to look under the curtains and viewed two employees. The woman that owns this place is doing hair cuts she had thee I am aware of today each 30 minutes. She’s been giving hair cuts and doing her hair business going to house calls and receiving payments via Venmo for hair that has been done while she is not allowed to. I have photo proof of payments. This business has been shut down by the city. They are open. They are hidden in back of a smoke shop. As I was coming from picking up food from a nearby food drive thru, I noticed a Black adult male with the virus. The girls working are not being supplied hand sanitizers, gloves or masks while working. The city posted signs in her window and right after the man left she had 2 clients that came in and they were not wearing masks. From what I have been informed by the people getting their nails done aren’t wearing masks and are sitting by each other. From what I have been informed by the vehicles they arrived in and the license plates. My coworker has confirmed one of the vehicles belongs to an employee/owner. We would like to remain anonymous.

**Note:** All of the Larson dealerships are selling cars as it is business as usual. Debbie has three times been seen in her salon doing hair. The last time was Friday April 24th. The man they had come in was not wearing a mask. The man was wearing a t-shirt and blue jeans. I have been informed that multiple employees have been exposed to an individual who has tested positive for COVID-19. The girls working are not being supplied hand sanitizers, gloves or masks while working. This nail salon continues to stay open. Even after receiving notice of violation. They took the vehicles they arrived in and the license plates. My coworker has confirmed one of the vehicles belongs to an employee/owner. We would like to remain anonymous.

Non-essential business is open, not complying with 6-foot rule, not complying with 10 or less people. When the company first heard about having to close, they were going to close, the owner found some ways to continue doing business. They have crews clumped together and meeting with the public without any safety gear. They need to follow social distancing guidelines. Open construction that is non-essential and social distancing requirements cannot be followed. My brother works for this company and the owner has told people he is not shutting down unless the clients say they want to close.

I do not believe this to be a dangerous environment for employees to work in. I do not believe this is a essential business if it is it’s a long stretch. Employer no long allows sick people who are refusing to go to work when there have been zero changes to the production schedule to authenticate that claim. 90+ staff members and still operating at normal function levels. The production manager said as long as we “swish water in our mouths” we won’t get sick. Thank you.

There are too many people working in close proximity in that lunch and break room is not closed. They do it here they will be doing it all over the country. The president needs to draw the lines.

Please keep my information private. Please help us.

Cops literally take him in handcuffs. There are too many people working in close proximity in the workplace, not being provided safety equipment, not performing appropriate cleaning to workspaces. There is no social distancing and cases. This has yet to have been brought forth to the team, and is at risk of putting the customers whom has yet to return to work at all, and two of them both being said to have COVID-19 symptoms.

Please put my information in private. I have two employees who have tested positive for COVID-19. Both locations are closed, and all staff has been contacted.

I do not believe this to be a dangerous environment for employees to work in. I do not believe this is a essential business if it is it’s a long stretch. Employer no long allows sick people who are refusing to go to work when there have been zero changes to the production schedule to authenticate that claim. 90+ staff members and still operating at normal function levels. The production manager said as long as we “swish water in our mouths” we won’t get sick. Thank you.

Not being paid the sick leave policy that the US government has enacted. They did something to put on the website that is not accurate. Not sending out any information to employees smart phones. Just posted a paper inside the office but not being sent out anywhere else.

What the public and employees will be seeing is what happens when the rules are not followed. As long as they are not forced to close, they will not follow the social distancing guidelines. Not following proper guidelines for covid19.

Not being paid the sick leave policy that the US government has enacted. They did something to put on the website that is not accurate. Not sending out any information to employees smart phones. Just posted a paper inside the office but not being sent out anywhere else.
Non-essential business is open for business putting employees at high risk because the only business they are catering to is construction.

Construction: 1400 SW 107th St, Seattle.

L&I DOSH: 3005 1st Ave, Seattle, WA 98121.

L&I DOSH: 951 Monster Rd.

L&I DOSH: 5801 E. Marginal Way S.

Landlord: 1320 E Pike St, Seattle.

Other Cabinet maker: L & I DOSH.

Other Warehouse/promotional goods: 12611 Northup Way, Bellevue.

Microsoft Production Studios is fully open and hosting video and event productions. They are not considered essential.

Other Sales of pools, spas, supplies, water testing: 2815 E Main Ave, Puyallup.

L&I DOSH: 7638 Emerald Dr SW.

Business has 20 or so employees at work and are gathering for breaks outside in small groups without social distancing. They are not considered essential.

The business continues to operate even though they may not be considered essential. There are still no sanitizer stations for employees, not following 6 ft separation rule even though it's posted. This is a small business with over 150 employees all packed into a small warehouse which does not allow for conversations. Still doing construction work in the yard. We can provide emergency repair for heavy machines definitely not essential. This is a production shop.

The company does non-COVID-19 related researches, they are not complying with the social distancing rules. Employees are being subjected to working in extremely close quarters with numerous employees working. Staffed not following social distancing.

An employee had a fever and cough and was still REQUIRED to go to work and give tours of apartments.

A customer, a woman, was asked to show us a work order and an estimated she was around 14 years old. She was wearing an oversized shirt and small pants.

Employee had fever and cough and was still REQUIRED to go to work. She's also telling us we need to ask her permission to go on vacation.

This is a small business with over 150 employees all packed into a small warehouse which does not allow for conversations. Still doing construction work in the yard. We can provide emergency repair for heavy machines definitely not essential.

They had an assumed positive but did not quarantine the crew that the person works with. They did not put up a sign or communicate to other employees. For conversations. Still doing construction work in the yard. We can provide emergency repair for heavy machines definitely not essential.

Employees are constantly sick at their workplace even though they have the essentials to keep them safe, such as washing hands. And are at a variety of different places of work. Adhere to social distancing rules. Employees are subjected to working in extremely close quarters with numerous employees working.

This company does non-COVID-19 related researches, employees are subjected to working in extremely close quarters with numerous employees working. Staffed not following social distancing.

An employee has had a fever and cough and was still REQUIRED to go to work and give tours of apartments. There is only vocalization of techniques used to prevent spread of illness.

This company does non-COVID-19 related researches, employees are less than 6 ft away from guests. Staffed not following social distancing.

This company does non-COVID-19 related researches, they are not complying with the social distancing rules. Employees are subjected to working in extremely close quarters with numerous employees working.

I have a friend that works for this company. He said they are servicing between 4 and 6 homes a day. Some of the homes have multiple workers at the same time and the workers are not being tested for COVID-19 before they work. They do not staff enough workers to be able to socially distance. I have photos and video of this on site work. I have shown this to my local district supervisor and I have reported this to L&I.

I am putting together a report for Mayor Durkan. I have been getting calls from workers. Many construction workers are working on a residential project in close proximity. I have reported this to L&I.

There are reports of 3 people being positive for COVID-19 yet still having them work, refusing to pay the sick. I have reported this to the client and to Mayor Durkan. This is an issue when the health and safety of the workers is in question. I do not believe this is safe enough to be considered essential or open.

Our main concern is the lack of social distancing among the workers. We have many workers from all over the world for testing. They had 2 employees who were diagnosed with coronavirus, but no one was stopped and they continued to work. They do not check temperatures before each shift, they do not check the homes’ temps they enter. They do not have proper sanitizing machines or provide masks to wear. They are not ensuring that their employees are following the guidelines to stay safe while working. I have reported this more than once as has a neighbor.

The children are already living with a custodial parent, therefore they are not CPS and are not at risk. They are visiting: they can’t guarantee social distancing due to it being children with them. This is putting the family at risk.

I observed multiple on-site work, some with more than 1 person being on-site at the same time and no social distancing. It is not possible to follow the distancing, etc? When you have multiple people and the numbers only rise if 30,000 + employees are sent back to work. Social distancing is not possible, just as it is not at my job also.

Thank you.

This has never stopped since Inslee’s order. I have photos, do you need them? I’ve been getting calls from workers. Many construction workers are working on a residential project in close proximity. I have reported this to L&I.

The children are already living with a custodial parent, therefore they are not CPS and are not at risk. They are visiting: they can’t guarantee social distancing due to it being children with them. This is putting the family at risk.

I am getting tired of seeing these people not obeying the Order and social distancing practice which I observed multiple on-site work, some with more than 1 person being on-site at the same time and no social distancing. It is not possible to follow the distancing, etc? When you have multiple people and the numbers only rise if 30,000 + employees are sent back to work. Stuck in close proximity to sick people.
We are seeing a huge spike in non-essential businesses continuing to operate. This is putting our health at risk. Here are a few companies that have been cited:

- **L&I DOSH**
  - **Company**: Other Aircraft Manufacturer
  - **Address**: 1918 S 16th Ave, Yakima
  - **Issue**: PPE equipment being shared, not practicing social distancing and non-essential business. On 4/6/20

- **L&I DOSH**
  - **Company**: Other Door manufacturers
  - **Address**: 2077 W Main St, Lynden
  - **Issue**: Multiple elderly people are still working at Lynden door. Lynden door is sending out falsified testing and cleaning, testing.

- **L&I DOSH**
  - **Company**: Other Shingle Mill
  - **Address**: 16015 Main St NE, Duvall
  - **Issue**: They believe this is a non essential business it is just a shingle mill. To help stop the spread drastic actions are being done in China or half the US so pillar is hoping to grab a bigger share in the market and make money. They will not provide masks and are very short on gloves. Workers have been threatened with getting fired if they do not show up to work due to the pandemic because they were not essential to the company. The employees are still expected to come to work and working during non-business hours is not being an essential business. Owner falsely stated that they qualified for essential business saying "we all work essential". They are not being transparent.

- **L&I DOSH**
  - **Company**: Other Plant Nursery
  - **Address**: 834 Sheridan Street, Port Townsend
  - **Issue**: I have heard from people who used to work here that this place is unsanitary and are a lot of hazards. I believe this is a non-essential business. Owner falsely stated that they qualify for essential business saying that they deal with the working in confined spaces. Concerned for the workers rights. If we don't return to work, we will get fired.déjà vu. Their is no social distancing throughout these plants you are exposed to many people throughout the day. We deal with the working in confined spaces. Concerned for the workers rights. If we don't return to work, we will get fired. Staying inside will increase our chances of getting the virus. We will all be kept in hotels and not allowed to go home. They are the ones making the rules.

These companies are not essential to the functioning of our society. We need to be transparent with the public and act in the best interest of everyone.

This cabinet manufacturer plans on reopening April 9, 2020. This business is not essential and could potentially spread the virus. Employees are frustrated that they are non-essential and every day they are occupied homes that have sick people in them. They do not wear protective masks or gloves when working, which is putting people at risk. They do not have any equipment for proper safety and are not following any guidelines set forth by government officials.

Examples of businesses that are non-essential and should not be open:

- A Personal Touch Painting: This business is not essential and does not follow any guidelines for operating during a pandemic. They are not following any safety protocols, such as wearing masks or providing gloves to employees. They are not following any guidelines set forth by government officials.

- Sunsteel Llc: This business is not essential and does not follow any guidelines for operating during a pandemic. They are not following any safety protocols, such as wearing masks or providing gloves to employees. They are not following any guidelines set forth by government officials.

- Jerry's Iron Works: This business is not essential and does not follow any guidelines for operating during a pandemic. They are not following any safety protocols, such as wearing masks or providing gloves to employees. They are not following any guidelines set forth by government officials.

- Advertisement: This business is not essential and does not follow any guidelines for operating during a pandemic. They are not following any safety protocols, such as wearing masks or providing gloves to employees. They are not following any guidelines set forth by government officials.

- Masons Supply Company: This business is not essential and does not follow any guidelines for operating during a pandemic. They are not following any safety protocols, such as wearing masks or providing gloves to employees. They are not following any guidelines set forth by government officials.

Thank you.

Our company shut down but many of our competitor landscape companies are out doing normal

They have shut down except for what I feel are non-essential services right now.  I know that TruGreen is

from me.

Garrett Loop, Chehalis, WA.

Working last Thurs and Friday and again Today

what is essential and what is not.

New home construction is still ongoing on this house.  I don’t know the construction company’s name, but there are two workers there daily.  I got a complaint to L&I. I would like the workers to stay safe by practicing social distancing and staying home if they are not feeling well.

Construction 112 totem lane Longview wa

14237 NE 200TH ST

"Taylor Lane" Development - 21407 SE 20th St

Fully operational construction site - building a residential building.

OTHER COMMUNITY-BASED GOVERNMENT OPERATIONS AND ESSENTIAL FUNCTIONS: Landscapers, Lawn Care and pest control

L&I Non-essential business is open

A lot of people still doing construction on that site

Other

Cabinetry

Construction 14218 52nd ave s tukwilla

Last week, a majority of the Bathroom Manufacturers closed their shop because they deemed themselves non-essential. A friend of mine called them and thought with the stay at home order they would have called him to come in for his order. They took down the contractor's sign, and I don't see a permit for the work to get the contractor's name.

As a maintenance employee, I want to check in on our landlord. We saw 4 or 5 workers at the site today. We are worried he will bring the virus home to us.

I am an electrician in construction staying home watching people build houses behind my house at 206-790-3171. We have concerns about the workers not wearing masks.

These employees are building a new school.  Is this really essential?  If this is deemed nonessential then why do they have a machine operator going to work?
McWilliams Road in East Bremerton, between Central Valley Road and Highway 303.

I am looking outside my window from my high rise and I can hear and see construction work going on. Many companies from roofers, framers, people putting siding on, cleaners are all back to operating.

Large residential construction site that's not for emergency or low income housing. Not social distancing or 6 feet distancing. Over 100 people on the site and it is still open.

I live in Port Angeles Washington. These contractors are working daily on a storage unit place. They are not essential business but the workers fear they will lose their job if they stay home. Other Painting company, Main street Monroe.

Mark refuses to temp shutdown. They have not had the opportunity to stem the spread of the virus before continuing for weeks. I personally seen him at the Quinault under stand why they are still going to other homes.

I want my identity to remain confidential and the contractors are not aware of this complaint. I have written to some mad defeats (not through this company) because I am following strict lockdown for 3 weeks now. They do not care for their health and show no concern for the community. The experience of working on this job is overwhelming and I believe it is not possible to maintain physical distancing at this job with the workforce they have. They are not providing the proper PPE or sanitization. Mark refuses to temp shutdown.

Construction continues at this 152 duplex unit housing site. Observed several construction workers in close proximity to others. I was told there were none because they had all been donated, but the construction workers still on site. I have videos and photos to prove that they are in violation of Gov. Inslee's stay at home order.

PPE: Aprons, T-shirts, tights, and hard hats delivered. Sanican is also leaking.

Workers share hand tools in close proximity No PPE or sanitation. Mark refuses to temp shutdown.

**Notes:**
- How can this place still be open, new construction is down in wa, they do not classify under New home construction. Development is across the street from the address provided. Not only are the construction workers not practicing social distancing but they are heading in and out of this business. Workers are not practicing social distancing.
- Too many workers too close together working on a non essential building.
- Construction continues even though the governor issues the directive that construction is a non-essential business. This is one of many construction workers I am seeing on new homes in my neighborhood today. Their assessment from about 6 months ago. The majority of us are over 60 and are at high risk. We want to be safe. There are many complaints about this. The governor issued an order for all non-essential businesses to close. They are not following these rules. There are a lot of these contractors working on new homes. There is no indication of the construction company name - sorry I forgot to mention that.

</table>
This tree service was working to prune in our area this week. We are disappointed that tree services are causing delays and inconveniences to residents. They should be more considerate of the needs of the community.

Construction on a new development in our area is causing significant noise and disturbance. Workers are using heavy machinery and are not following safety protocols. The noise is interferiing with our sleep and affecting our quality of life.

Other Tree Service 19689 7th Ave NE Poulsbo

Work on new construction townhomes. Workers are using heavy machinery and are not following safety protocols. The noise is interfering with our sleep and affecting our quality of life.

11918 122nd Ave Ct E

3 guys in single f150 cab doing landscaping AND running gas powered equipment prior to 9am. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

5406 Neilsen Ave

Workers continuing to build houses. Crowded neighborhood. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

Lawn care maintenance

The casino itself is closed but there is still construction going on with the hotel. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

Lawn care maintenance

Other Landscaping Service

214 17th Ave E

Essential business not following social distancing requirements. They are causing significant noise and disturbance to the neighborhood. It is not acceptable.

Other
cabinet maker

Huntwood has continued its operations since the governor's proclamation. They allowed some employees to work despite the social distancing rules. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

Construction

There is framing going on in the area. They are not following social distancing rules and are not being considerate of the needs of the community. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

Construction

Highway 101 Sequim

4304 & 4306 26th Ave SW

Other
cabinet maker

They plan on opening on Monday to do business again. They make cabinets. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

1515 port industrial way

They are not following social distancing rules and are not being considerate of the needs of the community. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

Chip

They are not following social distancing rules and are not being considerate of the needs of the community. This is causing significant noise and disturbance to the neighborhood. It is not acceptable.

These companies are causing significant noise and disturbance to the neighborhood. They are not following social distancing rules and are not being considerate of the needs of the community. This is unacceptable.

</table>
The company is asking people back to work on a non essential construction project, putting workers in danger. This a non-essential project and it is not possible to do that without putting the workers at risk of Coronavirus. 

Decline the request to come back to work. I will continue to pay employees the 80 hour family leave for the coronavirus. My smaller grounds maintenance business cannot. My customers matter to me and my few area. We believe most others are abiding by the rulings. It is unfair that Senske can remain open if essential businesses.Apartments have had multiple crews working in a high density neighborhood. We believe they may be spreading the virus in our neighborhood. This is totally unnecessary.

The construction workers working at the convention center have been told that if they do not come back to work they will make sure they have to pay back all the unemployment they receive. Workers are being told they cannot put their families at risk and put themselves at risk without masks every day. I told this to my boss he told me I either show up to work on 4/7/2020 or I'll take it as your quitting. My boss is forcing us to go back to work. Went online said regular yard maintenance is non-essential. We need help to make it clear that landscaping is non-essential.

**Covid-19 Complaints**

**Construction** 4719 90th Ave SE Mercer Island
Trucks and equipment working on mass excavation for future residential construction, delivering rock and gravel.

**Construction** Elma WA Elma
Construction laborers are working at this site. Laying down a walkway. They aren't following social distancing rules.

**Construction** 223 27th Ave E Seattle
Construction workers on Boylson ave in Moses Lake, several people out there working on a residential household and employees report to work there every day. The company has been refusing to close the business. Both parties are unaware I'm filing complaint.

**Construction** 12403 Reservoir Rd E Shoreline
This construction site is operating machinery that is producing dust and getting into the homes on our street.

**Construction** 16106 173 RD AVE SE APRT A Puyallup
Making workers return for painting jobs of private residences tomorrow, 4/9 in violation of stay at home order.

**Construction** 4252 NE 50th St Shoreline
I am seeing building being painted on main street and highway 2 at GSHeating. At Lowe's in Monroe they have been putting up signs that say they are closed, yet people are seen working there. At Weger's Landscape Construction in Auburn they were seen working on a residential construction site.

**Other Landscape** 1922 S Sunrise Spokane Valley
This community is home to a large population of seniors and these contractors who do not live here refuses to close the business. Both parties are unaware I'm filing complaint.

**Construction** 284 Rolling Hills Ln Shoreline
Sergey yakimenko is the boss, artyom is a worker and he refuses to close the business. Both parties are unaware I'm filing complaint.

**Construction** 10140 SE 10th St, Redmond
Contractor is laying siding paper on as I saw them today and finishing touches that are non essential.

**Construction** 307x98 to close. I know this is not the case. He should close his business like the rest of us had to and follow the rules but refuses to close the business. Both parties are unaware I'm filing complaint.

**Construction** 10137 36th Ave SE Shoreline
I am seeing building being painted on main street and highway 2 at GSHeating. At Lowe's in Monroe they have been putting up signs that say they are closed, yet people are seen working there. At Weger's Landscape Construction in Auburn they were seen working on a residential construction site.

**Construction** 307x106 to get to the construction site, putting myself AND my neighbors' health at risk. They also throw their trash's out of their truck and onto the sidewalks.

**Construction** 307x199 because I know the owner and his son and they are telling others they are working until they are able to open up again. This is ALL running this business, there are 9 men working at this job site. This will continue to cause people to gather in groups and put themselves and others at risk.

**Construction** 307x325 are putting us all at risk. Also the defunct Seahurst Pharmacy on 152nd SW in Burien is also running this business. They are putting people at risk. Both parties are unaware I'm filing complaint.

**Construction** 3609278865 broker refused to give up builders names.

**Construction** 307x365 to get to the construction site, putting myself AND my neighbors' health at risk. They also throw their trash's out of their truck and onto the sidewalks.

**Construction** 307x401 to get to the construction site, putting myself AND my neighbors' health at risk. They also throw their trash's out of their truck and onto the sidewalks.

**Construction** 307x406 to get to the construction site, putting myself AND my neighbors' health at risk. They also throw their trash's out of their truck and onto the sidewalks.

**Construction** 307x425 to get to the construction site, putting myself AND my neighbors' health at risk. They also throw their trash's out of their truck and onto the sidewalks.

**Construction** 307x454 to get to the construction site, putting myself AND my neighbors' health at risk. They also throw their trash's out of their truck and onto the sidewalks.

**Construction** 307x533 to get to the construction site, putting myself AND my neighbors' health at risk. They also throw their trash's out of their truck and onto the sidewalks.

Construction at 207 18th Ave continues well into governor's order to stay at home. They say they're clearing for construction of a new home has begun... with men working on site. Expected construction finishes in June. This landscaping business is open is non essential. Needs to be shut down.

I do not see lawn care services anywhere on the list of WA state essential services. There is mention of snow plowing, snow removal, and lawn mowing as essential services in the governor's order and the homebuilders association guidance. We share a driveway with my neighbors who have continued to have their landscaping company on their property, working there daily. They had only concrete and steel installed when the ban started, they have now started on the next stage of the project, have now started on the next stage of the project, and continue to work. The business mowed a lawn on April 8th 2020, in the city of Seattle, two of the men were not wearing face masks.

This construction project for rental of 5 units has continuously worked 5 to 6 days a week. They've required all of their formen and project managers to report back into the office. They are not complying, as it is a state order. This puts our company at a serious disadvantage, as the work still needs to be done. Even after June 1st the work will still need to get done.

I am a current employee and they are telling us we are returning to work next week. On Valley St between Taylor and 5th Ave N builder closed off front of house to make it look like no work is going on but on the alley side there is construction MEDELY RICLAND. Other construction project at 229 18th Ave is still going on. Construction is still going on at this new apartment complex. I can see workers and hear hammers and drills. I do not see any worker wearing a mask. I am concerned this is not following any state guidelines. I have reported this. They are taking the minimum possible precautions.

I am not sure what the objective ofClosure of non-essential services is. We are not a non-essential business being open and we will also be opening our business as well as we are also a retail business.

Everybody has to stay home - losing there paychecks - and witnessing these guys hammer away from 10 am to 6 pm.

There are a few people working on StatesideLiving.com project last week and now. Maybe they got an exception but it doesn't seem fair to other workers/companies. Maybe they are repairing noisy net but it wasn't being repaired last week. BTW am very concerned what will happen to nesting critters.

Essential construction or just a developer wanting to complete their project?

A government agency behind it, is apparently useless.

A mobile company, goes from house to house all day, day after day. Owner Tony knows he is at risk. I'm not sure if residential landscaping is essential or not but my neighbors have a service that comes in during stay home order.

Residential construction still taking place.
Richard

This is a report of non-essential construction work. The state has mandated a shut down of all non-essential construction sites.

An unfinished residential project has had a stream of workers the past few weeks doing work inside.

HOS construction is operating in Bellevue downtown next to Bellevue Square, in a capacity that is not defined.

3801 Alderwood Mall Blvd
24624 SE Old Black Nugget RD
They are still doing construction at the WSU Playfields. I see about 14 people working. They should have stopped.

Construction
This is construction for 2 office buildings to house Amazon from 2022/2023 onwards and based on what I see, they appear to be essential services.

Been landscaping my neighbor's yard for 6 hours today. Has a huge trailer out, porta potty set up, and numerous workers.

This construction location has been asked to quit a couple of times due to nonessential work. There are still workers, and they work throughout the day.

The owner and his son are performing some type of construction. Building a wall out of blocks.

8553 Interlake Ave. N.

Cosmetology, hair salon, barber

Seattle and King County someone must take action immediately. Not obeying the 6 feet rule and no PPE on. There are still workers. This company should be getting fined and the innquires into the governor's office but they still continue to be working every day at the site clearly not in that category. They stopped all work when the Governor instituted the essential services a few weeks ago. In our review of the allowable construction services under essential services, we do not believe they fall under the services we allow for non-essential business. I'm not sure what the contractors name, there's four white business trucks that project would not be considered essential.

Vista community. They are mowing, leaf blowing and edging lawns in violation of the non essential mandate to shut down all non essential construction sites. There are several workers today standing in front of the house. They work very close to the clients all of which violates the Governor's Order.

We have seen many vehicles delivered for inside. Yesterday was yard work. Today is fence construction.

Tulalip (per Google)

Seattle and King County someone must take action immediately. Not obeying the 6 feet rule and no PPE on... This company should be getting fined and the inquiries into the governor's office but they still continue to be working every day at the site clearly not in that category. Installing sprinkler system at future townhouse development on 28th and Adams in Spokane Valley.
Construction of single family home started up again 4 days ago. Multiple people working closely next to 322 E Woodin. They are a residential company. I filed a complaint before but didn’t get a response. It’s so bad that this is the only construction site near my home. Workers are spreading the virus throughout the shut down and without face masks. There are two crews of workers, one group of 3 and a group of 3 working on a project two at 1860 126th Ave. Ct. E, Edgewood, and a second group across the street at 1863 126th Ave. Ct. E, Edgewood. There are three groups of workers total.

Alex continues to operate his business with no concern to him, or his employees, or the people in the neighborhood in which he is operating his business. According to Governor Inslee’s proclamation, all non-essential businesses are required to shut down. This business is still operating and has the order to stop. Owner said he will not be told what to do. He has only shut down when he is visited by L&I and has had his order to stop violated by Governor Inslee’s proclamation.

This business is still not operating in its normal capacity even after receiving a citation to cease operations. They still have 3 workers at the job site working with no social distancing. Please advise. Are they supposed to be working during this stay at home order?

Residential home construction continues at 7312 Vashon Pl SW. This is the same construction site that has already been the subject of multiple complaints. The owner has stated he will not stop construction.

Commercial construction ongoing in violation of guidelines. Workers not complying with social distancing. Please advise. Are they supposed to be working during this stay at home order?

Union behind 1110 Union. One at 902 Powell, Northeast of Union. Multiple cars and trucks over many days.

John Waite 4047 WILLIAMS AVE W

The construction has resumed as of Monday 4/20/2020 at Madison AVE, Kent WA 98032. However, it’s my understanding that residential construction work should not be happening at this time. Further, this is my 8th or 9th report of the daily Monday through Friday 9 to 5 violation of this company – they consistently do not comply with the stay at home order requirements. They are very close to my home and make additional noise, vibration and air pollution problems. Also, they are violating the order to cease construction.

The contact list is attached. The company has no regard for neighbors.

This is not a complaint about a commercial builder. This is a residential builder.

Friends and neighbors are working together without masks on site. Additional businesses dropping off supplies.
There are 6 houses being built, one just started today (4/22/20) with framing from the foundation. The

Kelly Alexander has purchased home as a single family dwelling. Owner has divided this home into 14

My boss, Ernesto Gonzales, gave us until Monday to show up for work before firing us.

I have photos from Monday and today of the workers violating the Governor' Proclamation.

I am not happy that my landscaper is abiding by the rules and these guys are getting away with this.

They are back today (4/22/2020) putting in the rails and panels. Really?

We have photos from today that shows how many cars 4-5 are over there. I spoke to the fire department and she told

It's a retail shopping center and apartment  complex that originally stopped work, but as
business license which is required by ordinance

Different locations staying 6 feet from each other also stay at home order states that landscapers are

What am I missing?

Observed doing lawn maintenance at 42nd Place in Anacortes. As one of the larger landscape businesses in Washington State, they are knowingly violating the stay-at-home order and waiting for a slap on the wrist. It seems they are not taking the order seriously, and even their customers are now reporting it. Their Facebook page clearly shows them working today to mow lawns. Copied from their FB page today:

I am an employee at this company and being forced to come to work, otherwise I will be replaced.

When I called them last month, they said they were closed due to the pandemic. Now it appears they are doing business as usual.

Workers observed not observing physical distancing protocols, including standing and handling tools without washing their hands. This is a clear violation of health guidelines.

When I reached out to the company the work has never stopped on the new subdivision 34 homes just up the street from here. I have seen multiple people come and go from this establishment even though they are a nonessential business in town, also servicing some city common areas, this is especially concerning. They run and hide their tools and waiting for you to leave.

This company is a nonessential business under the Governor's order. I should not have to lose my job because of the pandemic. Reaching out directly 3 weeks ago and they ignored my concerns that they were violating health guidelines.

He is now painting the 2nd house on the street and is here everyday. He has been here almost every day. I have seen multiple people come and go from this establishment even though they are a nonessential business in town, also servicing some city common areas, this is especially concerning. When I called them last month, they said they were closed due to the pandemic. Now it appears they are doing business as usual.

New construction work.

Coronado springs apartments
I forgot to mention the most important thing. They are planning to rebuild my apartment during the outbreak and displace us into hotels. They are even planning on having a bunch of packers and movers come into my home. I'm fine with this when there isn't an outbreak. But not now. I'm immune compromised in several ways. Please make them put this on hold.
