[Updated Review of Dr. Meek Leave.pdf](#)

Hello

Please be advised, this is preliminary data. As Josh shares a calendar with others, it has been identified some of the information was combined. I have updated the initial portion of the report and the subsequent calendar highlights. These have been changed to a pink highlight. A full review of the calendar needs to be completed to ensure no other overlapping data is included.

Thanks

As a reminder, please do not respond to this email as that would be considered conducting business and would necessitate a public meeting.

I conducted a review of Dr. Joshua Meek’s calendar in comparison to his leave submitted. I found several instances in which Dr. Meek’s calendar reflected out of the office for the entire day and no leave taken. I also noted instances of several personal appointments in which leave was not submitted. However, some of those personal appointments only constituted an hour or two, as a salaried employee these could be considered flexible time. Most of these instances are not reflected in the data below but are highlighted in green in the calendar details. If I noted several appointments on one day, I did include them below. I noted several Fridays with hotel stays, however they were check in days so that does not necessarily indicate Dr. Meek left work early or didn’t work at all. Those instances are highlighted green.

Also based on my interviews with staff it seems there are several instances that Dr. Meek would call in sick and then not submit leave upon his return. Or took additional days off for moving and Christmas then what was submitted as leave.

Description:

Update! Attached to this email you will find a draft of the agenda for the upcoming days. Please note a couple of changes and new information: - We will be at Sage Point Elementary on Thursday and Friday - Please bring a laptop/Chromebook and earbuds or headphones - Managers - I would like to invite you to join us for lunch and the second half of the day on Friday for our information about 1:1. You are excused from Friday morning if you prefer. Friday morning is specifically focused on Math & College and Career Readiness. You are welcome to stay with us all day if you prefer. - We will begin at 8:00 am each day - Dont forget about the dinner on Wednesday night at Pillar Rock I am looking forward to a great couple of days kicking off this school year -----Good Morning - Mark your calendar and get ready for some great time as a team this coming Summer! I am thinking that if we have thoughts of the warm summer it will help keep the snow days away! I will be sending you several calendar invites to accompany these dates, but here is an update for our Spring/Summer Leadership commitments: May 21 - we have a regularly scheduled Principals Meeting on that day. We are going to revise that calendar to include all K-12 Principals for the entire 1:30 - 4:30 time. The goal of this time is to use this meeting date as an opportunity to plan and launch the 2018-2019 school year. Please mark your calendars for all K-12 Principals to be in attendance. June - we will NOT have a June Leadership day or two like we have had in the past. We know that the crunch of time between school and summer is too tight. That is why we are enhancing the May 21 time. August 9-10 - these will be our full Leadership Team for all K-12 Principals, Managers, Cabinet, etc. The expectation is that everyone attends for the complete 2 days. More information will follow with the dinner, etc. Please let me know if you have any questions - Josh

Description:

Update! Attached to this email you will find a draft of the agenda for the upcoming days. Please note a couple of changes and new information: - We will be at Sage Point Elementary on Thursday and Friday - Please bring a laptop/Chromebook and earbuds or headphones - Managers - I would like to invite you to join us for lunch and the second half of the day on Friday for our information about 1:1. You are excused from Friday morning if you prefer. Friday morning is specifically focused on Math & College and Career Readiness. You are welcome to stay with us all day if you prefer. - We will begin at 8:00 am each day - Dont forget about the dinner on Wednesday night at Pillar Rock I am looking forward to a great couple of days kicking off this school year -----Good Morning - Mark your calendar and get ready for some great time as a team this coming Summer! I am thinking that if we have thoughts of the warm summer it will help keep the snow days away! I will be sending you several calendar invites to accompany these dates, but here is an update for our Spring/Summer Leadership commitments: May 21 - we have a regularly scheduled Principals Meeting on that day. We are going to revise that calendar to include all K-12 Principals for the entire 1:30 - 4:30 time. The goal of this time is to use this meeting date as an opportunity to plan and launch the 2018-2019 school year. Please mark your calendars for all K-12 Principals to be in attendance. June - we will NOT have a June Leadership day or two like we have had in the past. We know that the crunch of time between school and summer is too tight. That is why we are enhancing the May 21 time. August 9-10 - these will be our full Leadership Team for all K-12 Principals, Managers, Cabinet, etc. The expectation is that everyone attends for the complete 2 days. More information will follow with the dinner, etc. Please let me know if you have any questions - Josh

Hi TEAM. Just a reminder of our meeting.....and to let you know that LUNCH WILL BE PROVIDED. DUE TO A SCHEDULING ERROR, WE NEED TO MOVE THIS MEETING TO WEDNESDAY, AUGUST 15th PLEASE BRING YOUR LAPTOPS..... Hi MLSD - Secondary Leadership Team, We will be getting back our results from School by Design this summer. Steven is available on August 16th to walk us through the data and give us recommendations. We will also begin the process of developing a 1, 3, and 5-year plan for each of your buildings. We will need your entire administrative team to attend this kick-off meeting and I will be sending you all a calendar invitation. The High School Team will have a meeting AFTER the full group meeting to go through our AP Instructional Planning Reports and discuss how to lead your AP Teachers through the reports and develop strategies for using them in your observations of those teachers throughout the year. I will send a calendar invitation to the high school team for this continuation meeting too.

Description:

Just a reminder that our primary focus during the first week of school is LEARNING. Just like last year we will have a "Dead Week" during the first 3 days of the school year meaning: - Not sending any district wide or building wide emails - Not hosting meetings or trainings - Not making phone calls to buildings with requests - Not requesting that forms, paperwork, or processes completed I know that the start of the school year brings many business and management elements that need to be taken care of. I encourage us to get those out on Monday or Tuesday of that week to avoid the interruption to the start of the school year.

Description:

Just a reminder that our primary focus during the first week of school is LEARNING. Just like last year we will have a "Dead Week" during the first 3 days of the school year meaning: - Not sending any district wide or building wide emails - Not hosting meetings or trainings - Not making phone calls to buildings with requests - Not requesting that forms, paperwork, or processes completed I know that the start of the school year brings many business and management elements that need to be taken care of. I encourage us to get those out on Monday or Tuesday of that week to avoid the interruption to the start of the school year.

We will also set up either a slack or dropbox account so there is a standard go-to place for documents and communication. We have a fair amount of flexibility on Tuesday or Wednesday. Also, Thursday morning. Please advise if either of those times work. a. DrMeek - What exciting news. Thank you very much for this opportunity. We will do our best to be sure that you find the process easy and productive. I've pulled together a proposed agenda for our Launch meeting: Introductions You will get to meet Michael who will be Project Managing the search and he will meet you. Review proposal/Agree on scope of services requested We built your proposal based on what I felt you may need. It will be your decision on what services you actually want. We can explain any item that isn't clear. Review preliminary market data We will share what we have learned about talent located in your local market. We think this will help you with determining if you want to keep this search local. Determine sourcing profile The core product you are agreeing to is the sourcing and engagement (we call this our TalentScan Plus). This conversation will help us determine the profile we will be delivering to you. Update position profile (optional) If you choose to do this, we would start the process to pull information used to build a new position profile. Whether we do this or your team does this, we strongly recommend that you consider revising the profile. Establish agenda & service level agreement We included a sample timeframe in our proposal - we will now calendar it and identify any potential conflicts (holidays, vacations, etc) Flush out and resolve any remaining expectations Establish Service Level Agreements (ie: All emails/phone calls answered in 24 hours, etc) Identify any must avoid Housekeeping After our launch meeting, we will send you a contract to review and sign You can direct us on mechanics for how we can submit invoices, approvals for work, etc. If we include item #5, I think the call will be 1 1/2 hours. If we do not include it, the call should be 1 hour. Please let us know what time slots work best for you next week. We take meetings from 8am to 8pm. Again, thank you for the project. We look forward to our partnership. a. aziz chowdhury / founder achowdhury@execrpo.com 419/ 481 0959 www.ExecRPO.com On Sep 15, 2018, at 5:58 PM, Dr. Joshua Meek wrote: I am looking for some time again, and somehow can't find your other email. Description:

We are excited to be establishing the Educational Specifications for Elementary School #11 and Elementary School #12. This important process includes an opportunity for staff who have direct connection with the schools to inform the process so that the design team can take the feedback and design a school that meets our learning and operational needs. An Educational Specification typically includes a summary of the educational organization's program, a list of rooms and sizes as well as descriptions of site and spatial characteristics. I would like to invite you to be part of that process and serve as a representative from your speciality. There is nothing to prepare other than be ready to join others to give feedback on what is needed in our schools. The time will be facilitated and the collective input of all participants will be considered in the development of the comprehensive Educational Specifications. We will operate on a very quick time schedule so we ask that you arrive on time and you will be done as scheduled. You know your time schedule at school or your department best. Please plan for adequate travel time to/from the interview site. If you will need sub coverage during this time please create a SDA (27) absence using the following budget code: Certificated 0100 27 2914 000 Classified 0100 27 3914 000 If you do not need coverage or there is a plan in your job assignment that could assist with coverage I ask you to work directly with your supervisor/principal to make that happen. Please confirm your participation by clicking accept on this calendar invitation. Of course if you have any questions please let me know. Thank you - Josh

Yes that time seems to work well! Here is the invitation. Hi Josh! Bynow you have probably reviewed the email from OSPI announcing your Coordinated Support Team (CST) for schools eligible to receive supports in your district. Jeanine Butler, Sue Connolly, and I will be the leads in working with your schools. It is our hope to schedule a face to face visit with you to get to know more about your district, and specifically the schools we will be supporting. If possible, we would like to schedule a visit to your district on October 4th - hopefully around 10:00 AM. Jeanine, Sue, and I would like to first meet with your designated district office staff and then briefly visit the specific site(s) we will be supporting to meet the principals. Please let me know if you could make the morning of October 4th work for us to come up an...

Description:

Good evening - Our relocation efforts to our new Learning Services Center are progressing well. Right now we are on target to have the relocation to occur in late February/early March. In preparation for that relocation we are hosting an opportunity for the staff involved in the relocation to give input to the furniture decisions that will be made. A team of key staff will be selecting furniture for offices, conference rooms, cubicles, and more from a panel of potential vendors. The goal of this relocation would be to identify furniture that is space efficient, durable, and highly functional. Depending on the overall price estimate in a perfect world we would be able to purchase coordinated furniture for the entire building. We know that everyone moving their existing furniture is not practical, nor possible with the new facility. To assist with that selection process we would like you to stop by and walk through the "Learning Services Center Furniture Fair" to give input on the potential vendors, how the furniture meets the needs, sit in the chairs, test the durability, etc. This is scheduled during the traditional lunch times in hopes that you could stop by before or after your lunch to walk through. We will be using your input to finalize a furniture plan. Please understand that this is a feedback process and not a shopping trip. While we value input from all parties, we aren't able to accommodate everyone's personal desire for customized furniture. I anticipate at the end of this process we will have a standard office furniture package that aligns with the office size and need for the space, and is cost effective. Also as part of this fair we will have some display boards showing the floor plan, color schemes, and more! I look forward to seeing you stop by on October 5th!

Good Evening - It is hard to believe that our transition and move in to the new Learning Services Center will start in just over a month. You are going to get this message twice and they are invitations to attend one of our meetings to learn about the move in plan, boxing up existing materials, etc. We have several meetings already established. These include: Special Services Staff A Move In Meeting - To be determined (Please just disregard this message) Resource Center We have a scheduled meeting for this coming Friday morning. (Please just disregard this message) Everyone Else . . . That is right if you are not one of the groups above I would ask you please to accept one of these meeting invitations for Meeting #1 or Meeting #2 . . . you only need to attend one to get all of the information. The two meetings will be identical. There are 2 of them to have smaller groups, and to allow for office coverage. Please RSVP by accepting this invitation you plan to attend, and deny the other one.

Description:

Good Evening - It is hard to believe that our transition and move in to the new Learning Services Center will start in just over a month. You are going to get this message twice and they are invitations to attend one of our meetings to learn about the move in plan, boxing up existing materials, etc. We have several meetings already established. These include: Special Services Staff A Move In Meeting - To be determined (Please just disregard this message) Resource Center We have a scheduled meeting for this coming Friday morning. (Please just disregard this message) Everyone Else . . . That is right if you are not one of the groups above I would ask you please to accept one of these meeting invitations for Meeting #1 or Meeting #2 . . . you only need to attend one to get all of the information. The two meetings will be identical. There are 2 of them to have smaller groups, and to allow for office coverage. Please RSVP by accepting this invitation you plan to attend, and deny the other one. Thank you Dalton 208-262-1167 Notes: I will program up InformaCast with Park Orchard as the site, pull the phones in from that site so we can show integration with the phone system, and bring an AND Speaker with Flashers to show the capabilities of scrolling text, flashers and audio. We can show the bell scheduler and how that would work and talk about analog speakers, Fusion etc. I will build in recipient groups and schedules for another site just to show that we can utilize the system as a district wide solution instead of a one building at a time solution. Calendar: Michael Nordsten

Who:

Dr. Carole Meyer, Jason Gassman, Dave Balcom, Dr. Joshua Meek, Adam Sawyer, Vicki Swisher, bbastian@cityofml.com, Michael Nordsten, Eric Johnson, kfuhr@cityofml.com

Description:

At Chief Moses our crisis response is pretty loose, and we are wanting to get together and have a discussion about how we would respond in a crisis (death of a student, staff member, or some other major crisis). Jason Gassman has a Crisis Response Kit that he would like to go over with us. Counselors in the district have been talking about this for awhile now. We are extending invitations to district admid to attend this meeting, as we know their input is necessary for us to move forward with our plans. There may be some things we talk about that the district would not want us to implement (or would have a different approach). Jason has put together an agenda of ideas. We will likely not get through everything on this list, but it is a good starting point. We hope everyone will be able to attend. Here are the topics for discussion that Jason has developed: Agenda: Response to a death/tragedy -What is Admin doing? Statement for staff meeting, Statement for staff to read to students, statement to send out to families -What are counselors doing? Gassman Crisis Kit -Who is calling in the counseling Flight Team? We have enough counselors in our district for our own flight team. -Do we know who will definitely be here and do they know what time to be here? Spokane has a system to identify who can and cannot help with support. -Where is our "Command Center"? CMMS Crisis Command Matrix - Who is doing what? -Does everyone know what they are supposed to do? -Command Center? Evacuation of CMMS -Where are we going? -Can we practice? Video evac to show students if we can't practice the following year. -What is our alternative plan? What if the issue is on HW17? Who needs to be there? Fire Chief, Admin, Police Chief, etc.

Description:

Good morning, Sadra, our Ready Account Manager, is trying to set up a mid-year meeting with us to go over data, discuss implementation, etc. She mentioned that in another district she's working with, the District Admin Team was a part of that meeting. Considering our focus on math, I thought that might be a good idea for us as well. Thoughts? Will this time work? Do we invite Elementary Principals as well? I know they have another meeting set up at a different day/time.

This will be a meeting to discuss PLTW Course Offerings at each middle school and Summer Trainings. Vicki and Jodie Carlile will be spending the morning with me working on CMMS Master Schedule if anyone is interested in joining us.....we will begin our day at 8:00 AM to 2:00 PM.....you are also welcome to bring your master schedules and your interns..... I have invited Josh to join us..... What I need from each of you: Do you have a teacher(s) in mind to be trained in order to offer a PLTW elective? Frontier has equipment for Medical Detectives & Flight in Space (I think) which helps with costs....do you have teachers in mind? Do you have space in your preliminary master schedules that can accommodate these courses? We will need to research costs to present to Josh...can you all assist with these figures for courses you are interested in pursuing? I'm sure there are more questions.....feel free to call me.....

Description:

Good afternoon - Excitedly I invite you to join my Superintendent Advisory Team! The purpose of this team is for me to get solicited feedback from trusted voices across the district, to process ideas or concerns, and to help make sure our district is staying true to meeting the needs of our students, staff, and community. I selected you for this team because I not only value your perspective, but I also feel as though you will provide feedback and actively participate in discussion. I will be having the first meeting on April 16 at 4:00 pm at the Learning Services Center. Please accept this meeting request if you are interested in this important role, or if you do not feel comfortable or would rather not please just let me know. I look forward to this time together! Josh

Please plan to meet regarding PNW (Washington State History). For those of you who need a half day sub, the sub number is: 0100 27 2914 000 "Development of a Pacific Northwest History task force to discuss and develop a plan for the change of graduation requirement and placement of curriculum into the middle school. This task force will be charged with getting started quickly in developing a plan for implementation next fall that addresses the need for change, but solicits the expertise of our staff for building a long term sustainable plan. This task force will be the responsibility of Dr. Carole Meyer, and include representatives from all secondary schools to develop the solution. 4. A reaffirmed commitment to follow the Collective Bargaining Agreement with reference to changes of force required in light of graduation requirement and course changes. This commitment includes the recognition that prior to filling of positions that staff with a continuing contract will be considered for reassignment. This is specifically in reference to the concern about loss of jobs due to offering courses at different grade levels.

Description:

So we are ready to go for the next two days of Targeted Feedback Institute Here are some key reminders and things to prepare for:- We have advertised the start up time as 8:00. We will have a brief time in the morning to get signed in, settled, etc. I know some of you have some quick morning commitments and I understand that. Please be onsite ready to go by no later than 8:30- We will have a lunch break but no lunch will be provided. Our LSC Cafe is next door if you want to bring your own lunch and have a placemat to keep it cold or warm it up.- We no longer allow food in the conference rooms. So please plan accordingly. If you are planning to bring something we have the Cafe next door.- Our goal is to wrap up by 3:30 each day What to bring:- Laptop/Chromebook- Anything you have related to the Powerful Task Rubric and documents you may use See you tomorrow!-----I am excited to be bringing this incredible learning opportunity to our team to assist with growing our skills in giving targeted feedback. Below is a description of the 2 day workshop that we will be providing here in Moses Lake. Many more details will follow but I wanted to get it on your calendar now. I would like you to think of this training as a high priority and "mandatory" . . . meaning I value it enough to take our time together as a team. We will discuss in the coming weeks a coverage plan for schools for these two days. Targeted Feedback Institute The University of Washington Center for Educational Leadership offers a two-day institute, "Targeted Feedback for Teacher Growth: Tools and Processes to Support Teacher Growth." The Targeted Feedback Institute supports principals, teachers and central office leaders in learning the skills for giving feedback and creating a culture that centers on growth of teacher practice and improvement of student learning. Participants will learn how to develop feedback that responds to a teacher's identified learning needs/goals. They will also learn how targeted feedback is one of many supports principals can provide their teachers. Principals, teachers and a central office leader who works with principals can attend the institute as a team.

Description:

Good afternoon - Excitedly I invite you to join my Superintendent Advisory Team!
The purpose of this team is for me to get solicited feedback from trusted voices across the district, to process ideas or concerns, and to help make sure our district is staying true to meeting the needs of our students, staff, and community. I selected you for this team because I not only value your perspective, but I also feel as though you will provide feedback and actively participate in discussion. I will be having the first meeting on April 16 at 4:00 pm at the Learning Services Center. Please accept this meeting request if you are interested in this important role, or if you do not feel comfortable or would rather not please just let me know. I look forward to this time together! Josh

Description:

Good afternoon - With Abe's transition to Endeavor we need to start right away the process for selection of a new principal for Garden Heights. I would like to invite anyone from the staff (both certificated and classified) to join me for a discussion and input on the position. I apologize for doing this on a holiday week. But I also do not want to waste time. Congratulations Abe on your new position! Please make sure to share this date and time with anyone from Garden Heights who may not be checking email at this time. JM

Description:

Open Doors - Formal communication to Open Doors regarding guidelines for walking at graduation - Word is definitely out that credits can be earned quickly at Open Doors, so students are wanting to go there temporarily to get caught up and then transfer back to MLHS so they can walk. Can students change entities at any time throughout the year? Would it be worth considering how many credits are earned at Open Doors compared to MLHS as a determiner for walking? Basically, this is a messy topic and will be messy for a while. - Students who go to Open Doors without being credit deficient. Need to review our process to clean that up. - Students who go to Open Doors, earn all their credits quickly as juniors and potentially meet all graduation requirements if their testing and HSB are met. Do they graduate early too? - General lack of communication and seemingly lack of knowledge from the Open Doors staff (lack of timeliness in getting credits earned to MLHS; Open Doors communicating to students they are graduating and after coding the info Open Doors supplies, the student doesn't meet all grad requirements; Lack of documentation for alternative assessment routes; A student not being told by Open Doors staff that he could walk (JD? Nevarez) with MLHS this past spring when he met all grad requirements to do so; A student not able to graduate due to not having access to PE waiver options through Open Doors even though Open Doors was told repeatedly they need to come up with a plan for PE waivers - Mom was very upset with Open Doors and came to express her frustration and learn about grad requirements. Big Picture Update, if any

Description:

Hello Grant County Suicide Prevention Taskforce members, Our next meeting will be October 24th 10-11:30 at Grant Integrated Services 840E. Plum. We hope to have updates from each of the coalitions in our County that are doing suicide prevention work, Moses Lake, Quincy, Royal City and Mattawa. The Grant County Health District will have next steps from the Suicide Disaster table top exercise and we will have an update from the Grant County Coalition for Health Improvement. There will be time on the agenda for discussion about what the taskforce would like to see next. If you have any questions please reach out to myself or Theresa Atkinson, tadkinson@granthealth.org. Hope to see you on the 24th for this important work. Gail Goodwin Director Management Services Grant Integrated Services 840 E. Plum Moses Lake, WA 98837 509-764-2644 - desk 509-431-8315 - cell

Description:

Good afternoon - We are requesting to move Monday's principal meetings to 2:00 - 4:00 pm. The purpose of this meeting is to be a workshop for assistance in writing your goals based on our district goals. We recognize that the CBA with principals has November 1 as the due date for goals to your CAO. However, with missing pieces and having the district goals unfinished that is not realistic. So take a deep breath . . . we are here to support this work moving forward and have established this time to assist and adjust the date. Please come prepared to work on your goals, baseline data, etc. The attached document has the current version of our goals, but it is not finished. That will be done before Monday. Also a reminder for the schools in school improvement your school improvement plans are due October 31. For everyone else originally we advertised November 22 as the due date but that has been changed to December 1 to allow for additional support to happen on November 21. I will be out of the district on Monday as my family is in the process of moving starting this weekend. Carole is on point to lead and facilitate Monday's meeting. Thank you :)

Calendar: Dr. Joshua Meek

Created by: Sylvia Bodenman

Description:

Good afternoon Dr. Meek, I hope this message finds you well. My name is Salvador Salazar and I recently began working in the Governor's Office as the Central and Eastern Washington Regional Representative. I wanted to introduce myself and pass along my contact information as I get up and running in the new role. I am looking forward to working with you and I'm sure that I'll see you at local events in the near future. At your convenience and as your schedule permits, I would welcome the opportunity to meet with you and learn more about your work and ways that we can collaborate. My next trip to Moses Lake is scheduled for next Monday, November 18th. Please find my availability listed below for some time windows that may work:

3pm - 4pm 9th Success Mtg

Where: LSC

Calendar: Triscia Hochstatter

Who: Triscia Hochstatter, Dr. Joshua Meek, Dr. Carole Meyer

Description:

AGENDA: 9th Grade Success - 9th Success Recommendations: 9th lunch closed campus - identify challenges, etc. (Sheila would like to be part of this discussion) - 41% of our freshman are failing at least one class - This is atrocious...the team is looking at structural challenges that get in the way of students being off track. 8% of the 41% are EL students. - OTHER TOPICS if time: - Admin Team: Skill level or ways to organize the work. - MLEA Issues - Building Decision Making Process; Site decision to decide if courses are added or not; Teaching assignments - Dan is trying to get the reps to allow the department to put together the teaching assignments rather than have the jobs created for seniority selection AND once the schedule is created to allow departments to move vertically course assignments at their discretion. I've attached what Heather brought to the group.

Description:

Congratulations you have been nominated/selected to a part of our Student Success and Learning Team. The purpose of this team is to start the conversation for long-term and strategic planning to improve our approach at meeting the needs of all students through a multi-tiered system of support and more. We are excited to get started on this work and tackle some of the hurdles that sit in front of us. Please plan to join us for this first meeting! No preparation required . . . just come with an openness for discussion!

Description:

Christine Armstrong, CBTech Director, and I would like to have a quick meeting to discuss the CBTech Long Range Plan. This is one of those requirements that as we move forward we need to discuss as a group. It should be quick, and rather than the travel to Moses Lake we thought we would set up a Zoom Meeting. So below is the information. Additionally, I have attached a copy of the newest Long Range Plan that we have prepped for final submission to OSPI. Hope you can sign in and join us! JM Dr. Joshua Meek is inviting you to a scheduled Zoom meeting. Tonight at the secondary counselor vertical team meeting the possibility of an ADVISORY at each of the buildings was a way to address the HS & Beyond Plan as well as many other items that counselors need to cover..... I'd like to meet to discuss the possibilities of an Advisory at each of the secondary schools (if desired).....Currently Endeavor has an Advisory and CMMS is considering one. MLHS spent two years working on an Advisory with a large team of staff who are now discouraged and experiencing decision fatigue..... Let's start with this team and decide if it is worth moving forward.

Description:

Good Morning - Congratulations! You have been selected to be a member of our Real World Instructional Planning Team. This is an exciting time to be a part of this work and the future for our high school students. February 27th will be our first meeting. We will meet from 9:00 - 3:00, lunch will be provided, and this time will allow you to maintain your planning time within the work day (8:00 - 9:00). Come prepared to work hard and really dig into our next steps. Please let me know if you have any questions, I will also be sending out the calendar invites for all future meetings for this year. For the following staff please use SDA (27) and the budget code below to request a sub. I would request that you put in your sub request now for the entire set of meetings: Andrew, Chad, Hans, Jeremy, Jodi, JR, Kathleen, Kimber, and Melody. 0100 27 2914 0000 1470 I have that the following people would not require a sub for these meetings: Adam, James, Jessica, Stefan, and Triscia See you next week!

Calendar: Dr. Carole Meyer

Who:

James Yonko, Kristi Hofheins, Dr. Joshua Meek, Jake Long, Triscia Hochstatter, Kay White, William Joe Connolly, Dr. Carole Meyer, Dave Balcom, Sheila Kries, Loren Sandhop

Description:

Kay came up with a few ideas about how we might be able to celebrate the seniors for graduation and we are hoping that you can all join us in a conversation. I know it is Spring Break.....but if you are able to join the discussion.....that would be great! For example: What if we had a city-wide parade that the MLPD assisted us with a parade route..... and every senior and their family decorated their car and people could line the streets (6 ft. apart of course) and we ended up at the fairgrounds.....Kay was thinking a big screen with photos.....just our thoughts so far..... The sooner we are able to get something out there the better for our seniors to have something to look forward to.....Josh if I am jumping too far ahead let me know.....and if not and you think we should invite the counselors to the discussion.....we can also do that. [<https://zoom.us/account/branding/p/91212f10-f1a8-4e56-9b26-80f198987a25.png>] With Our NAC SD meeting being cancelled. We still need to meet on Friday for an hour. This

would be to review and discuss some of the concerns on how the big picture around the building footprint is coming together. This discussion would also include reviewing the commons, fitness, Gym and Administration areas are being arranged. Some of the agenda items for this meeting- * Dining, food court, break out areas, site circulation. * SD concept has silo spaces based on the SF allocations in the program. This is causing some site circulation and choke points. For both interior and entrance into the building. * Room to incorporate the Gesa CU concept. * The MAC concept is like the Flex space is to the Seminar, PCS, Inquiry, and Huddle rooms in each of the Learning Groups. Which provides efficiency for these programs to hub around. With the extra room for seminar room projects, presentations, collaboration that can easily overlap into the Flex Area. * In the MAC the basketball court is the hub. * Which provides the same opportunities as the Flex does to the Learning groups but instead for the Commons and other activities and functions. * Understanding * Knowing the functionality of these spaces and understanding the limited SF. * The Ed pects and SD is being developed together and want to make sure our baseline is consistent. * Provide clear direction to NAC will enable them the room to be creative in developing concepts. Description:

Hey Admin Team, Josh & I decided on a webinar format for the staff meeting. We will all be part of the presenter group of the webinar and the staff will only be able to interact within the chat. I will still have an alternate document set up for them as well. Unfortunately, doing it this way, we will not be able to send them to groups. Which might be a plus. I will get an update out to staff... Triscia Hochstatter is inviting you to a scheduled Zoom meeting. Join Zoom Meeting USE THE UNIQUE LINK that JOSH SENT TO YOU IN AN EMAIL.

AGENDA: - Purpose - Gathering of thoughts...21 Grading/Feedback - 3 key considerations: Curriculum (Key essential learnings); Assessment instruments (rubrics, performance tasks, traditional summative); Final Grades (how to assign and what the final grade means) - Questions to consider - For teachers: Which of your grading practices do you believe best support learning? Why? Which of your grading practices are you most open to reconsidering? Why? - For all: What are some deep beliefs you have about teenagers? What motivates and demotivates them? Are they more concerned with learning or their grade? - What were some of the challenges during remote learning with respect to grading? Surprises? - Next Steps - Bookstudy - Grading for Equity by Joe Feldman I encourage you to watch this webinar: Assessment Webinar: <https://www.youtube.com/watch?v=K6ho7eNKUQo> Triscia Hochstatter is inviting you to a scheduled Zoom meeting. Description:

I understand that there is some concerns that have been presented and discussed related to the staffing and positions for counseling at MLHS. I also understand that the MLHS Counseling Team has some potential ideas, solutions and would like to discuss these as meeting kids needs. MLHS Counseling Team - This meeting is an opportunity to have this discussion, so we ask that you please come prepared to do so. I respect this time may not work for everyone, so we will go with who we have. Thank you -JM-----Dr. Joshua Meek is inviting you to a scheduled Zoom meeting. Good Morning, Please join me to celebrate, discuss and highlight the successes of your district and determine if you would benefit from Medicaid Consulting Services. Let us also share areas for improvement, revenue goals you would like to set and reach, the need to develop district process for overall consistency, efficiency and how CompuClaim can help you in all of these areas and more. I look forward to meeting with you for this free informational webinar and answer any questions you may have on how to become a licensed or full service CompuClaim partner. Hope you have an amazing day! Best, Tiffany Join from PC, Mac, Linux, iOS or Android: <https://meetings.ringcentral.com/j/1495586594?>

Description:

Feedback on proposed DRAFT schedules: 21 Fall Start Options-MLHS - 1st tab always has latest version of thinking. Just need a quick check-in to process a few details to be able to better define the role of a teacher in each of the options and roles within each option. I have a meeting at 2:30, so this can only be at most a 30 min meeting. Hopefully, this works for you. Questions/Thoughts/Things to consider - some of which came up among our admin team mtg: - Can we start school earlier and release earlier? Wes says he HAS to have students dropped off by 7:35am. We don't have enough staff to supervise for extended amounts of time in AM. Would like to start school at 7:45 with an extended 1st period to allow time for teachers to screen students. - Lunch - Can we close campus? Seems counterproductive to allow students to go off-campus for lunch, interact with whomever, and come back. If they do go off and come back, do we have to screen them? - I am starting to call #1 HYBRID rather than BLENDED for my own ease and to be more clear. Blended implies I am a teacher who teaches a class using both face-to-face and remote instruction. That is what confused me early on and why I went down a totally different path when thinking about these options. - Passing times: 5 min passing time - do we allow use of the restroom during this time or only allow students to use the restroom during class one student at a time? Trying to avoid having too many students in the restroom at once. Or, we can have the bathrooms open and have them monitored during passing time. - For phasing into #2 Option-On-Campus learning - if the avg class size is 27, then when we have clearance to have some students on campus but with social distancing in place, then we can transition to splitting the classes in half and have them come on campus once a week for a 90 min period...M-Per 1-4, T-Per 5-8, then Th and F would be meeting with the other half of those classes. This is less face-to-face time with each class than #1 Option, but all 7 classes have some FtF time. Not sure how this will work with just meeting with a class for 90 min a week. The other option is to mirror what #1 Option does and only have certain classes come in for FtF instruction and keep 3 classes with the remote learning option with their teacher. - What happens to Option #1 if there comes a time we can all be in school full time? Continue as a hybrid model or convert to having all classes on-campus? (I think we'd have to keep the hybrid model going) - Gear Up staff and ability to meet with kids in their offices? Description:

Hello - I hope this invitation finds you, your families, and your staff safe and healthy during these unprecedented times. My name is Josh Munson and I am excited to partner with you and your school districts as a Corporate Sponsorship Specialist at Gesa Credit Union. This position was recently created to steward the valued relationships we have with you - our Co-Branded Affinity Debit Card partners. I am eager to connect with each of you and your teams! With the current state of the COVID-19 pandemic, we are taking the annual Co-Branded Affinity Debit Cards Reception virtual this year. You are invited to attend our Zoom meeting on Monday, August 24, at 11:00-11:45am as Don Miller, CEO of Gesa Credit Union, reveals the program's cumulative total and each school's individual total. We have sent this information to our district superintendents, communications officers, high school principals, athletic directors, and CTE/activities director contacts. We encourage you to share this Zoom meeting with any additional team members, board members, and other stakeholders you would like to join in the celebration. Information to join the meeting is below: Topic: Co-Branded Affinity Debit Cards Reception Time: Aug 24, 2020 11:00 AM Pacific Time (US and Canada) Join Zoom Meeting <https://us02web.zoom.us/j/82115057617> Meeting ID: 821 1505 7617 To help manage the RSVP list, please accept or decline the calendar invitation by end-of-day Friday, August 14. Don't hesitate to reach out directly if you have any questions - my email is josh.munson@gesa.com and my cell phone number is 509.792.0922. I look forward to connecting soon. Description:

Good morning. Theresa Adkinson would appreciate each of you joining us for a meeting with a federal COVID response team. This team will be in Grant County for a few days to gather information and to help with the areas COVID response. We were able to put the meeting time in lieu of our NCESD meeting since you have a standing calendar time for that. I hope you can make attending a priority. Description:

I understand there continues to be movement of students, or unsettled students, due to class size. We would like to have an onsite discussion to go into a classroom, review the measurements, assumptions, etc. We have got to get this squared away. This would be a "leadership" meeting and not a time for discussion with staff.

Good morning, I hope you had a great weekend. We need to complete our district self-assessment for the Inclusionary Practices Project. In looking at calendars, everyone is very busy this week but I am hoping you can carve out a short time on Tuesday afternoon so we can collaborate on this and complete the survey. I know some of you only have 30 minutes but I think we can tackle this together and get it all complete. Thanks for making the time!

Description:

Good afternoon - We are in the process of developing a plan for the return to in-person instruction at MLHS. I would like to invite you to participate in a chance to share insights, ideas, dreams, practical applications, etc. The goal of this time is to identify what parameters we have and how we can safely implement a return to school for in-person instruction. The recommendations from this will be integrated into my board proposal later in the week. Thank you! ————— Dr. Joshua Meek is inviting you to a scheduled Zoom meeting. Going? Yes

Description:

Review the ability to track attendance and engagement with our students through an automated software by UI Path. UI Path has resolved issues at the federal and state issues, whether it was the unemployment backlog or Veteran's Affair issues. They want to engage the MLSD in a FREE proof of concept conversation of automated outreach that would free up our teachers from doing the daily pieces of attendance and allow our teachers to get after the teaching knowing that UI Path will provide the daily data they could use to maintain contact with their students.

Calendar: Triscia Hochstatter

Who: Triscia Hochstatter, Dr. Joshua Meek, Kirsten Diaz

Description:

We need to come up with a system for monitoring students who repeat and pass a class after failing their first attempt. For these situations, the original F grade will need to be taken out of the GPA calculation. We want to brainstorm some ways in which this can be best monitored. Josh will mess with some reports ahead of time to see if there is a report that would easily provide the information needed to do this task. I'm guessing this monitoring would need to take place 2 times a year - maybe three. _____ Triscia Hochstatter is inviting you to a scheduled Zoom meeting. Description:

CR SeniorsDigital Student ListIncomplete ListIDEAS:- Have depts identify 4 to 5 simplified tasks (not the same necessarilyas what would be developed for credit retrieval because it was lastspring when things were a mess) for students to complete and set themup in Google Classroom and once completed, the Incomplete can bechanged to a grade. Would love for the history dept to do this. We feelthis approach would need to have district teeth in it most likely.- Have teachers consider lowering the failure percentage to 50% ratherthan 59% to take care of incompletes in this category. With the newdiscussions on a "higher" floor for failing grades being 50%, this maygain some traction with teachers. Not exactly sure how many incompletesfit in this model.- Competency based credits - Ex: Eng 9A = F, Eng 9B or Eng 10A or Eng10B, etc = D? or above - rather than having a grade change, have aseparate class added to transcript that would give the equivalentcredit as a P.- Waivers - A system in place to grant waivers for up to 2 credits -especially for those who only need elective credits. Maybe another filter could be to give them for students who have a fullschedule?_____ Triscia Hochstatter is inviting you to a scheduled Zoom meeting. Description:

F Grades as of Nov 10th - As of Nov 10th, this was our F data. Many credit retrieval's potentially in our future. Credit Retrieval Seniors - 1st tab gives information on Senior Elective Credit Retrieval credits are needed. For example, the second line means that there are 21 seniors who need .5 elective credits. There are 68 seniors who need 2 or less elective credits, so issuing a waiver for them would take those credits out of the elective credit retrieval hopper. The first line says that there are 95 more seniors who are credit deficient, but don't need elective credits - only core credits. Elective Competency-Based Credit Retrieval by Kimber-Assignment Overview- Google Classroom: <https://classroom.google.com/c/MjEzMDcwMzYwOTUx?cjc=ki6zzup>- She has 62 students signed up in her Google Classroom to work on CBElective Credits Incomplete List- TAB: Pass T3 & T4 DATA - This tab identifies 273 students who passed T3 and T4 and are not repeating the course this year who earned an I last spring. Would love to be able to give them a competency based credit on a separate line on their transcript with either their T3 grade OR a Pass grade. ————— Triscia Hochstatter is inviting you to a scheduled Zoom meeting. 1pm - 2pm Triscia Hochstatter Meeting with Josh

Where: Josh's Office

Calendar: Dr. Carole Meyer

Who: Triscia Hochstatter, Dr. Carole Meyer, Dr. Joshua Meek

Description:

Can you set up a meeting for me to meet with you and Josh? This is what I want to discuss: Katie Phipps request Time to talk high school- SKYWARD access - VERY frustrating when I'm doing data for 8th grade for example and do not have proper access. (Ex SpEd)- Counseling Dept - Overall ideas for change & individual concern- Possibility of adding another layer of phase-in learning model- Bus Garage 7:45 - 2:45 - 15 min less than a regular full day- ATTENDANCE: Tchrs only take attendance on group meeting in person -All others marked as present with the teacher having the prerogative to go back and mark them absent if excessive evidence of non-engagement. OR, secretaries can run reports and for those students who were absent both on-campus days, then we mark them absent for their off-campus days.- When do we start looking at possibilities for changing the bell schedule at MLHS for a start date of when the RWA starts? When is RWA slated to open its doors? Push for Advisory.- PPR Dilemma - Vicki requires that a course be linked in Grad Reqs if used for a PPR - problem is that every time something is changed this gets kicked out as well as 2 for 1s, waived electives, change of grad plan. So much easier to document the PPR on the Grad Adjustment Form. This was approved by OSPI as a good way to document. Grad Reqs are not looked at when an audit comes.- Big Picture - Continuing? We will most likely have a history opening next year, but maybe not. Have a current request to enroll a student. Also, have an email about a grant that Jessica isn't sure to pursue or not...requires several years of commitment.- EARLY Graduation - anything special? We will have one ready after sem 1.- Future of Assessment Stipend - More of a Kristi question.- Incompletes- SpEd T3=P, T4=I, S2=I - Competency Pass Course in 21S1 added (55 more courses)- SpEd T3=F, S2=I - If T3 final %age is 45% or higher, comp Pass course added to 21S1 (202 courses in this category)- ??? Gen Ed: T3=Passing Grade, T4=I, S2=I If T4 has a passing grade based on teacher gradebooks, can we add a comp Pass course to 21S1?- Sub situation for Amber Sansom- World Language - 2 yrs in same language - I heard that Enrique told the group that 2 yrs of the same lang isn't needed anymore...I can't find what he is talking about. Will ask.- WA State History- 12. Can Washington State History and Government be waived for international students or students who transfer from another state or country?- Yes, students who transfer into the state in the 11th or 12th grade may have the Washington State History and Government requirement waived by their principal. The graduation requirement rules (WAC 180-51-067, WAC 180-51-068 and WAC 180-51-210) allows for the waiver of Washington State History and Government for two categories of students:-- students in 11th or 12th grade and who have not completed a course of study in Washington State History and Government because of previous residence outside the state, and- students who have successfully completed a state history and government course of study in another state. Whether such a course was completed is based on interpretation of the student's transcript, which is based on local policy for interpreting transcripts from other states.- The decision to waive the requirement, as well as the process for the waiver, are locally determined.

All day Breakthrough Training

Thu Jan 21, 2021 - Fri Jan 22, 2021

Calendar: Dr. Joshua Meek

Who: Sylvia Bodenman, Claren McLaughlin, Dr. Joshua Meek

Going? Yes

Description:

Good afternoon - I have been waiting for years to do this, and I am so excited to invite the 2 of you. This is highly anticipated and raved training that helps with efficiency, communication, balance, etc. I will be participating for 4 days, and the two of you would be with me as a team on the 21st and 22nd. It is all done through Zoom. Claren I know you are my "secretary" but there is a huge line around communication, etc. that I believe this is the right direction. Please mark it on you calendar and I cant wait to talk more about it. Here is some more info: <https://www.the-breakthrough-coach.com/offerings/two-day-course/>

Description:

Good Afternoon - The staff at Frontier Middle School has requested the Shared Leadership Assistance Committee process. In previous versions of the contract this was commonly known as the "DMAC". The goal is to assist the school in moving forward with decision making and how it is impeding their progress. As part of this process both the district and MLEA are involved in putting a team together to complete this process with their staff. You have been nominated! I would like to invite you to a time for us to discuss this process. Coming to the meeting is not a commitment that you will be a part, but we would highly encourage your participation as you can see the group is very small and intentionally selected. We hope to have you join us for this Zoom Call! Thank you for your consideration of this important and helpful role. Please let either Jay Mather or myself know if you have any questions. Josh

Description:

The purpose of the Daily Meeting is threefold: 1. Secretaries, it's time to layout the design of your Executive's day and to agree on priorities, 2. It's time for the Secretary and Executive to communicate and strategize about all the "incoming" from the last 24 hours, and 3. It's time for you, Executives, to train & develop your Secretary in how you think, speak, and act so that he/she becomes increasingly capable of running the front office with minimal interference from you. Is your Daily Meeting accomplishing all three? If yes, share with us what you've been able to accomplish since implementing this one Fundamental Practice.

I am writing on behalf of Marie Sullivan for EWQSC to request a Zoom meeting with Rep. Dent. The group would like to discuss how Eastern Washington's voice does not get lost this session, particularly regarding funding solutions that are Puget Sound focused. Constituent superintendent, as well as other superintendents from the region will be present at the meeting. Please let me know of some date and time that will work best with his busy schedule. Thank you for your consideration of this request and I look forward to hearing from you to hopefully schedule this meeting. Have a great day! Thank you. J-Anne Nepomuceno 206.992.3995

Description:

This is an opportunity for superintendents to talk with Reps. Dolan and Callan about school reopening specifically related to learning recovery plans. What districts have identified as needed and how much that will cost. This is part of a conversation that weighs the state backfilling enrollment and transpo declines against the federal funds coming to districts. Please plan to join and have 2-3 minutes of information to share about your plans and costs. Description:

Here we go!! I am excited to share with you that we have 17 completed applications for your Principal Position. Today I will be prescreening to ensure that all 17 of those meet the hiring requirements of certification and qualification. But I anticipate most if not all will. Please join me via Zoom to launch the screening process. We have a great process ahead to find the best leader for Knolls Vista. I will also be sending you an invite as well as a budget code for a sub to put in for school district assignment on Friday April 2, 2021 for the day of interviews. This date had to move due to some other conflicts across our system. Also pay attention for an invitation to a Google Shared Drive that we use as our work space for this process. And finally you will be receiving an email from DocuSign to sign off on the Confidentiality Agreement for this process. It is CRITICAL that all conversations and communication we have from this point forward is confidential and trusted among our team. There will be a time and place for sharing with others, and the staff, that time is not now. Can't wait to get this moving! JM

Description:

This meeting is optional - please see explanation below: 1. Offering two dates to help accommodate different schedules We would like to invite you to attend one of the two Joint Technical Review Meetings scheduled for April 12th at 1:00 pm and April 13th at 10:00 am. You will receive a Microsoft Teams appointment for each one so please select the option that works best for your schedule. These meetings are optional so you are not required to attend. 2. Purpose of the Technical Review (Why are we requesting that you review the draft report?) The purpose of the technical review is to give each audited entity a clear and complete understanding of our audit results and recommendations for the Students' Behavioral Health Performance Audit. This review will offer you an opportunity to correct factual errors or misunderstandings on our part, and to provide feedback on matters of tone and word choice. This process allows us to clear up any issues to ensure that we have presented the information correctly in the report. 3. Purpose of Technical Review Meeting (Why are we holding this meeting to discuss the draft report?) This meeting is intended to be a forum to talk through any issues you identify in the draft report that you feel would warrant further discussion. However, you do not have to attend this meeting to provide your technical comments. We will ask each entity to submit their comments to us in a written form. 4. When can you expect to receive the draft report We plan for selected sections of the report to be sent out to school districts on March 24th. These are sections directly related to the survey results and group interviews that school districts participated in. We will provide more details about the technical review process when we send you the draft report. If you have any questions, please contact Carolyn Cato,

Sylvia Bodenman, Dr. Joshua Meek

Description:

Good afternoon - One of the newly required legislative and OSPI requirements is for our district to have and implement an Academic and Student Well-Being Recovery Plan. This is due, with board approval, to OSPI by June 1 and it was just released this week. Ugg. I need your help . . . I would like to invite you to be on this small team for us to build our districts plan and use your expertise and guidance. Our plan must include significant elements of reflection and data related to academic, well being, and equity. Each of us will receive a stipend for this extra work and my hope is to make in painless and a true team approach. Will you join me?

Description:

Good afternoon - One of the newly required legislative and OSPI requirements is for our district to have and implement an Academic and Student Well-Being Recovery Plan. This is due, with board approval, to OSPI by June 1 and it was just released this week. Ugg. I need your help . . . I would like to invite you to be on this small team for us to build our districts plan and use your expertise and guidance. Our plan must include significant elements of reflection and data related to academic, well being, and equity. Each of us will receive a stipend for this extra work and my hope is to make in painless and a true team approach. Will you join me?

Description:

Good afternoon - One of the newly required legislative and OSPI requirements is

for our district to have and implement an Academic and Student Well-Being Recovery Plan. This

is due, with board approval, to OSPI by June 1 and it was just released this week. Ugg. I need

your help . . . I would like to invite you to be on this small team for us to build our districts plan

and use your expertise and guidance. Our plan must include significant elements of reflection

and data related to academic, well being, and equity. Each of us will receive a stipend for this

extra work and my hope is to make it painless and a true team approach. Will you join me?

Description:

Good afternoon - One of the newly required legislative and OSPI requirements is for our district to have and implement an Academic and Student Well-Being Recovery Plan. This is due, with board approval, to OSPI by June 1 and it was just released this week. Ugg. I need your help . . . I would like to invite you to be on this small team for us to build our districts plan and use your expertise and guidance. Our plan must include significant elements of reflection and data related to academic, well being, and equity. Each of us will receive a stipend for this extra work and my hope is to make in painless and a true team approach. Will you join me?

Description:

We would like to invite you to attend one of the two joint exitconferences scheduled for June 7th at 2:00 pm and June 9th at 9:00 am. This meeting is intended to provide you with a clear understanding of what to expect in the final stage of the audit. We will identify key dates related to specific events, explain what actually occurs and how you can be involved if you choose to. You will receive a Microsoft Teams appointment for each one so please select the option that works best for your schedule. If you are unable to attend either one, we will send out a follow-up email after the meeting on June 9th that contains all of the pertinent information discussed. We want to thank you again for your participation and responsiveness during the Students' Behavioral Health Performance Audit. If you have any questions, please contact Carolyn Cato, Senior Performance Auditor, at Carolyn.cato@sao.wa.gov or (564) 999-0848.

Description:

The Red Door is closed this Monday. They have changed over ownership to the Alliance Church. We will still be meeting there going forward, but this week we'll meet in the basement of the Smith Martin Bldg (location of Mason's Coffee). You'll need to bring your own lunch. Our speaker will be Sean Sallis from Youth Dynamics! I have updated my laptop, but haven't had a chance to check the wifi situation at Smith Martin, so fingers crossed for the zoom. We also meet in person. This week, we'll meet in the basement of the Smith Martin Building. Please bring your own lunch. Also, Wanda Harrison has offered to host a pool party at her home to thank those who volunteered in the Food Booth during Monster Trucks, and will do the same after the Demo Derby/Rodeo week. For those who volunteered, please let me know what evening works for you (Louis - please check with the Key Clubbers). It would need to be between August 2nd and 14th.
